

Information for paper and poster presenters

Paper presentations

Each presenter has a 20 minute timeslot. Thus, the oral presentation **should last between 10 and 15 minutes**, leaving at least 5 minutes for discussion. We ask the session chairs to be strict, so the sessions run on time.

All rooms are equipped with a laptop (Windows), a beamer and a whiteboard or blackboard. Please bring your presentation on a **USB stick** in a compatible format (ppt or pdf). In addition, you may also distribute printed handouts or a printed version of your paper among the audience.

Poster presentations

Posters will be presented on Thursday afternoon. Please print your own posters and hand them over to the local organisers **on Thursday morning** - we will hang them up during the day.

The posters should be in size DIN A1 (841mm by 594mm) or DIN A0 (1189mm by 841mm). Landscape and portrait are possible.

The poster should illustrate the most important aspects of your research: Research question, theoretical background and hypotheses, data and methods, results, and conclusion.

During the poster session the best poster will be selected by the participants and receive an award.

Any questions?

Please do not hesitate to ask us any time!
